

Remarks

The present application is a continuation of application number 09/944,542. The present application includes claims 1-20. By this amendment claims 1-20 have been canceled. New claims 21-34 have been added.

New claims 21-27 recite a self-contained transparent window unit. The self-contained transparent window unit includes a transparent exterior frame and a transparent interior frame that is placeable as a single self-contained unit into a structure. The prior art cited in the parent application does not disclose or suggest a transparent window unit that is placeable as a single self-contained unit into a structure.

New claims 28-34 recite a method for providing increased light transmission through a window. The method includes placing a self-contained transparent window unit as a single self-contained unit into a structure. The prior art does not disclose or suggest placing a self-contained transparent window unit as a single self-contained unit into a structure .

Preliminary Amendment
